SECTION 3 – PROPOSED TRANSFER OF EARLY CONVERSION CREDITS

NOTE: Should the District approve the transfer of Credits as set forth in this form, such transfer Credits are valid for use in meeting the Transferee’s groundwater production limit in any calendar year beginning January 1, 2016. However, Transferee is still required under the District’s Rules to meet its Initial Conversion Obligation in the year 2016 and every calendar year thereafter. A permittee’s continued requirement to meet and sustain its Initial Conversion Obligation must be met separate and apart from its use of a transferred Credit. Each Credit transferred pursuant to this transfer is valid for use one time only as a Credit toward Transferee’s groundwater production limit in a calendar year.

Transferor should attach to this form the District issued Early Conversion Certificate(s) for Credits to be transferred.

1. Certificate No(s) for certificate(s) attached to this form: _____
2. Total amount of Credits as found on the attached Certificate(s): _____ credits
3. Total amount of groundwater production associated with the Credits in Question 2: _____ gallons
(Note: Each Credit is associated with 1,000 gallons of production; multiply the amount in Question 2 by 1,000)
4. Is it Transferor’s intent to transfer to Transferee the entire amount of Credits found in Question 2 above? By answering “Yes” to this question, Transferor acknowledges that it is forfeiting the entire associated production amount in Question 3 above.
Check one: Yes _____ No _____ (If yes, go on to Section 4. If no, go to No. 5 below).
5. Of the total amount of Credits provided in Question 2 above, Transferor intends to transfer _____ Credits to Transferee.
6. Transferor understands that the associated production amount that it will forfeit as a result of the transfer of Credits provided in Question 5 above is equal to _____ gallons (multiply amount in Question 5 by 1,000).
