II. Extension Request

An applicant may request an extension for the plugging of a temporary supply well. An extension request must be submitted at least 30 days before the plugging deadline and no more than 60 days before the plugging deadline. Once the plugging deadline extension has been approved, this form will be returned with a signature from the General Manager reflecting the updated plugging deadline.

Is this your first or second plugging extension request for this well? First ☐ Second ☐ Other ☐

Explain the reason for requesting a plugging extension:

Include specifics. (e.g. Drilling of permitted well delayed due to shipping issues and a malfunction of the rig. Shipping delays to be remedied within 30 days. Rig anticipated to be operational within 60 days. Due to these delays, we need an additional 90 days to operate the supply well during construction of the permitted well and schedule the plugging.)
